Technical Skills

Languages and Databases: C++, Java, JavaScript, SQL

Web Technologies: HTML, CSS, Responsive Web Design

Frameworks and Libraries: React.js, Bootstrap, jQuery

Tools and Platforms: Git, GitHub, Figma, VS Code

MS Office Tools: Microsoft Word, Excel, PowerPoint

Other Skills: Interaction Design, Backend Development (Learning)

Relevant Coursework

- Web Development with JavaScript
- Data Structures and Algorithms
- Object-Oriented Programming
- Responsive Web Design
- Backend Development(PHP, SQL)
- Software Engineering Methodologies

Projects

Restaurant Website | *React.js, Bootstrap*

November 2024

- Developed a dynamic restaurant website with a user-friendly interface for browsing menu items and restaurant details.
- Utilized Bootstrap for responsive design, ensuring the website functions well on desktop and mobile devices.

Banking Management System | *C++, DSA*

August 2024

- Developed a console-based Banking Management System to replicate core banking operations.
- Implemented features like account creation, balance inquiry, deposits, withdrawals, and money transfers.
- Utilized Object-Oriented Programming (OOP) principles and Data Structures for transaction and data storage.

Cricket Website | *HTML, CSS, Javascript, Bootstrap*

May 2024

- Built a cricket-themed website using HTML, CSS, and JavaScript, featuring information about cricket players, stats, and moments.
- Employed Bootstrap to design a responsive layout, ensuring accessibility across various screen sizes and devices.
- Incorporated JavaScript for interactive elements, such as player stats and form validations, enhancing user engagement.

Achievements / Certifications

Figma Bootcamp Certification

October 2024

LetsUpgrade

Online Live Sessions

- Completed a 5-day bootcamp on Figma, focusing on UX/UI design and prototyping.

Google UX Design Certification (In Progress)

July 2024 – present

Google - Coursera

Online self-paced

- Currently pursuing a comprehensive course on user experience design principles and tools offered by Google.

HTML, CSS, and JavaScript for Web Developers.

February 2024 – April 2024

Johns Hopkins University - Coursera

Online self-paced

- Completed a certification course covering key web development skills, including HTML, CSS, and JavaScript.

Prompt Engineering for ChatGPT

February 2024 – April 2024

Vanderbilt University - Coursera

Online self-paced

- Completed a course on leveraging ChatGPT for prompt engineering, enhancing understanding of AI communication.

C++ Certification

July 2023 – November 2023

neocolab

Online self-paced

- Completed a C++ certification, gaining proficiency in fundamental and advanced C++ concepts.

Data Structures and Algorithms Certification

July 2023 – November 2023

neocolab

Online self-paced

- Earned certification in DSA, focusing on efficient data manipulation and algorithmic problem-solving techniques.

Education

Lovely Professional University

September 2022 – Present

Bachelor of Technology in Computer Science

Phagwara, Punjab

Sree Chaitanya Junior Collage

June 2020 – March 2022

Intermediate in Mathematics, Physics, Chemistry

Karimnagar, Telangana

Shantiniketan High School

June 2019 – March 2020

SSC

8 incline colony, Peddapalli, Telangana
